

We are Santa Fe women actively engaged in issues vital to our community and country. Here's a brief update on what we are doing.

 Elect a Democrat in Southern New Mexico

The current U.S. Representative in Congressional District 2 advocates policies and tactics that mimic Donald Trump's. Partnering with BlueCD2 NM (www.bluecd2nm.com), we are writing thousands of postcards encouraging Democrat-leaning residents to register and vote. We will also be phoning, texting and canvassing as possible.

We are writing letters to residents in battleground states asking them to vote Democrat in local, regional and national elections.

 Fight for Women's Reproductive Rights

We are urging our New Mexico senators and representatives to work to codify Roe v. Wade. We have sent postcards to Attorney General Merrick Garland insisting that he pressure the Supreme Court to immediately hear the Texas lawsuit and save women's lives.

Our group was an organizer of the October 2 Santa Fe Rally to Protect Reproductive Rights.

 Press for Immigration Reform

We have formed a partnership with Santa Fe-based immigration rights organization Somos Un Pueblo Unido and support them in their fight for human rights for all.

Learn more about our work, and **ACTIONS** you can take, at our **new website**:
